Noted

Having in view the changes now being made in the administrative machinery of the Province, I deem it necessary the Chief Comr to reorganize the constitution of the Police at this same time. The incompatibility of the existing system under which the Chief Judicial Officer of the Province is also the Head of the Police has long been felt, & the arrangement should not continue. The Jud. Commr will henceforth cease to exercise the functions of I. G. of Police, and the C.C. will himself undertake the supervision of the Police administration of the Province. The work of check & control and general supervision of the Police hitherto devolving on the I. G. and D.I.G. will be carried on in the general branch of the C.C. Office, the Secty in that Dept being assisted by an Asst Comr possessing experience in Police duties.

The Multy Apt will in addition to his own work

who has hitherto acted as D.I.G.

Continue to ~~Exercise~~ Supervise

and discipline of the Police
force, & accounting the allow-
ances hitherto drawn by him. —
He has special facilities for
carrying on his work smoothly with the admin-
istration of the Military Es-
tablishments.

It is however to the Dep.
Comm. of the District that the C.C.
must look for the main
work of Police administra-
tion. Each Dep. Comm must
supervise personally the work
ing of the Police in his Dis-
trict. He will be required
personally to direct detect
ive and preventive mea-
sures, and he will be held
personally responsible for
the state of crime and the
safety of his District. It is
very undesirable that the
responsibility for these most
important duties should
devolve on any other
than the head of the District,
and as the Dep. Comm
under existing arrange-
ments is wholly relieved

of civil judicial duties & will have also considerable relief in the trial of magisterial cases, original & appellate, there can no longer remain any justification for the arrangement hitherto made, of entrusting the main work of the Police to a separate Apt Comm^r. - The Special Police apointments will be dispensed with but the Deputy Comm^rs will have the assistance of intelgent. Apt. Comm^r in this branch, as in other branches, & their work:

It is Mr Gordons desire that as the Dep. Comm^r is for the District, so the Amildar shall be for his Taluk, the real responsible head of the Police, exercising Police functions, as was customary until a few years ago. The C.C. I believe that by his influence, Experience & opportunities of obtaining information & knowledge of the people, the Amildar in his Taluk will be far better able to detect crime

ans. ccessfully to cope
with the work of Police ad
ministration Mr Gordon proposes
harate Officer. that
hall the Amildar shall
retain Magisterial powers,
but the exercise of these powers
ill be less frequently re
quired now that the Mam
lfs are also Magistrates,
~~and it is contemplation~~
to provide a village magis
tracy for petty offences.
Of course an Amildar should
not act as a Magte in any
case in the investigation
of which he has been con
cerned as a Police Officer.

The Police Inspectors &
Sub Inspectors will cease
to be independent Police
Officers. an Inspector
Jemadars as
with one or two aspirants
will shall be required for
Each Taluk to assist
the Amildar in the detect
ion of crime, and in
and will dispose of such

of magisterial cases - more

prosecuting cases before the magisterial Officers. The Salary of a Police Inspector need not then be as high as at present, but may range from 35 to 50 per mensem, with a reasonable provision for horse allowance. The Inspector would rank with Jaloor Samistadars, & would be eligible for promotion to Amildar if ~~well fitted~~ entitled, for such ~~reward~~ advancement by qualification & good service. There is ample room for great improvement in the selection of duly fitted ~~a~~ men for the Office of Inspectors, - sufficient care in making such selections not having heretofore always been exercised. In the revision of the Force careful elimination of inefficient Inspectors should therefore now be made.

Probably a considerable saving may be effected by a small reduction in the rate of pay of the

men composing the
large Police force, so as
to accumulate it to what
may be considered suit
able and sufficient for
a purely Detached Establish
ment. The D.C.'s will report
what reorganization, re
allocation, and reduct
ion of the subordinate
Police Establishments
are feasible.
The CC
I do not consider it
necessary or desirable that the system
of minute control over
Police occurrences and
the progress of detection
in individual Cases
which is now attempted
to be Exercised in the
Central Office should be
Continued. He is
I am further
of opinion that by a
reduction & Simplifica
tion of the returns &
reports now required

the Time of Police officers of all grades may, with much advantage, be made more available for real Police work. Special reports on the occurrence of unusual or very grave crimes &c shall be required, & tabular statements of serious offences with an acct. of the progress made in their detection should also be regularly submitted, periodically, to the Head Office, - But the greater number of the information and progress reports, & special diaries, which are now submitted may, & Mr. Gordon believes, without any detriment be dispensed with.

The Disp. Comm.rs will report what modification & simplification of Existing registers and returns may be desirable & feasible with a view to carrying out the change of system

easible

above sketched. In making their recommendations they will bear in mind that

There should be sufficient provision for the regular and speedy report of all Police occurrences in all villages to the District Office, for the protection of travellers on the high roads, and for the prompt rendering of assistance & protection where required.

The CC desires that the reports herein called for may be submitted by the Dist. Commr. Somanthanadhan not later than March 20 in August –
